MARCH MADNESS WORLD HISTORY WEBINAR #4

Tuesday, March 19 – 4:00 pm - 6:00 pm EST

Blackout! The Year Europe Died: The 14th Century's Pandemic Nightmare

Join us for a chilling journey through history!

This webinar dives into the devastating outbreak of the Black Death in 14th century Europe. Explore the nightmarish reality of this pandemic, known as the "Black Death," that ravaged communities and forever changed the European continent.

Uncover the following:

- The origins and spread of the Black Death
- The social, economic, and cultural upheaval caused by this pandemic
- The harrowing experiences of those who lived through this dark period
- The lasting impact of the Black Death on European history
- Engaging ways to teach and incorporate inquiry

This webinar is perfect for anyone interested in:

- Engaging in a very interactive and participatory webinar session
- Medieval history
- The history of plagues and pandemics
- The social and cultural impact of historical turning point events
- Integrating inquiry into the teaching of this content
